

Dear Mr. Gary

First and foremost I would like to extend my appreciation for the priceless gift you and your organization invested in my life. I know for a fact, without it, I would have not been able to afford the expenses required while in pursuit of my college education. Furthermore, I would also like to announce to you that in the spring of 2005 I graduated from Hampton University with honors dispensing a cumulative GPA of 3.35.

The impact of your story and the accomplishments you were able to obtain inspired me to really get serious about obtaining my dreams, and to a great extent laid a path for me to follow. Not everyday do we experience self revelations that give us the will to fight harder and become more than the our enviromental circustances have allowed us, but subsequent to receiving your scholarship I gained a great deal of strength and courage.

In addition to graduating with honors, I also obtained the following accolades: National Deans List, Hampton University Dean's List (5 semesters), and Golden Key Scholar.

Sir, again I would like to say with the uttermost of gratitude, respect and appreciation, thank you. The support I recieved from your organization influenced me tremendously, but more importantly it willed me into a greater destiny. In addition, I am pleased to report that currently, I am in the process of pursuing law school at NCCU. In further continuation of my dreams and aspirations I am confident in the outcome and of sound mind. I thank God for you and your family Mr.Gary and pray that one day I can follow your footsteps and become a relentless resource to my community. Sir you are indeed a legend and your legacy will immortally exist if not in the history books, definitely in the hearts, minds, and souls of those you have embraced with your good will. To current and future reciepients of this foundation's scholarships: Dreams can be established overnight, but once obtained, they are perpetual. Challenge yourself and become a challenger.

Thank You.

Sincerely,

Cory A. Horton
(05 Challenger Alumni)
